

Stories Untold

Anna Kinbom

Pannrummet, Konstepidemin Gothenburg 15.1-7.2 2021

and Peep Show Galleri 54, with Konstnärernas mammakollektiv 21/1-14/2 2021

In the work with the exhibition Stories Untold Anna Kinbom developed her own therapy method. The method is to photograph places based on a memory and printing the images and exhibit them.

The three colours green, red and yellow on three woven projection screens symbolize the time before the event, after the event and after the event has been processed. The canvases are up for visitors to project their own inner images on them.

In the sound work in the exhibition, Anna Kinbom talks about different cameras, vision and photography and sings her song Stories Untold.
